Supplementary Planning Document

## Scoping Report

## Planning Obligations SPD (March 2020)

Sefton Council is preparing a Planning Obligations Supplementary Planning Document (SPD), to set out the Council's approach to securing planning obligations as part of planning approvals. It will set out the type of planning obligations that the Council will seek to secure and the priority for obligations in different parts of the borough. This will be consistent with the planning policies in the Sefton Local Plan ([www.sefton.gov.uk/localplan](http://www.sefton.gov.uk/localplan)).

We are inviting you to comment at this early stage to help us decide what level of guidance and background information should be contained in the Planning Obligations SPD.

**Comments should be made by Friday 17<sup>th</sup> April 2020**

We are seeking views from developers, organisations, individuals and others who are involved in the installation of shopfronts, security and signage in Sefton. This scoping report identifies some key issues. Please let us know if you agree with these and whether there are additional issues you would wish the SPD to cover.

### What is a Supplementary Planning Document (SPD)?

SPDs give more detailed guidance to policies in the Adopted Local Plan and 'made' (i.e. adopted) Neighbourhood Plans in Sefton. They are subject to public consultation under The Town and Country Planning (Local Planning) (England) Regulations 2012. Once adopted SPDs are material considerations in the determination of planning applications.

### Planning policies on planning obligations

Government planning policy and how it is to be applied is set out in the National Planning Policy Framework (NPPF) ([www.gov.uk/government/publications/national-planning-policy-framework--2](http://www.gov.uk/government/publications/national-planning-policy-framework--2)). The NPPF requires each council to have robust and comprehensive policies that support the delivery of high-quality sustainable and inclusive development.

Sefton Local Plan was adopted in April 2017. The Local Plan includes a range of policies, which conform to national planning policy, to shape the future of Sefton. It sets out how new development will be managed in the period from 2015 to 2030, encouraging sustainable development and economic growth and giving current and future generations more opportunities to live and work in Sefton's outstanding environment.

The Planning Obligations SPD will put in place consistent design advice to advise on the consistent high-quality standards of design that are expected in Sefton.

The proposed Planning Obligations SPD will support the following Local Plan policies:

- IN1 Infrastructure and Developer Contributions

This policy is applicable across the whole borough.

The SPD also supplements a number of Neighbourhood Plan policies. This includes Maghull Neighbourhood Plan (2019) policies MAG 1 'Priorities for funding infrastructure projects', MAG 2 'Regeneration of Maghull District Centre'; Lydiate Neighbourhood Plan (2019) policy LNP PATH 'Protecting and enhancing footpaths, cycle ways, canal towpaths and bridle paths'; and Formby and little Altcar Neighbourhood Plan (2019) policies H3 'Affordable Housing', GA3 'Provision for pedestrians and cyclists' CLW1 'Infrastructure Delivery', ESD6 'Green infrastructure'. Other neighbourhood plans may come forward in the future ([www.sefton.gov.uk/neighbourhoodplanning](http://www.sefton.gov.uk/neighbourhoodplanning)).

Once adopted the SPD will support the [Contributions towards education provision information note](#) (September 2017).

## **Role of the Planning Obligations SPD**

The SPD will provide additional guidance on how the Local Plan policies set out above should be interpreted and applied in developments within Sefton. It is particularly aimed at professionals, such as architects, urban designers, developers as well as anyone interested in the delivery of key infrastructure through planning obligations.

## **Sustainability Appraisal and Strategic Environmental Assessment**

National planning policy indicates that a Sustainability Appraisal (SA) and Strategic Environmental Assessment (SEA) are not required for an SPD unless it is considered that there are likely to be significant environmental effects or exceptional circumstances.

This SPD builds on policies in the adopted Local Plan, all of which have been subject to SA and SEA and detailed scrutiny at the Examination. Furthermore, the criteria in Schedule 1 of the Environmental Assessment of Plans and Programmes Regulations 2004 have been taken into consideration and it is the assumption of Sefton Council that these have not been triggered to the extent that it is necessary to subject this SPD to SEA.

If you believe SEA is required, please set out what the exceptional circumstances are requiring one to be undertaken as part of your response.

### **Key issues for consideration in the SPD:**

- Affordable housing
- Education provision
- Health provision
- Open space
- Playing pitches
- Community facilities
- Training opportunities
- Sustainable drainage schemes

- The Councils approach to monitoring planning obligations
