

Social Value from Development

Supplementary Planning Document

Scoping Report

March 2020

Social Value SPD (March 2020)

Sefton Council is preparing a Social Value Supplementary Planning Document (SPD), to provide guidance on the level of local employment and training that should be provided by developments within the borough. This will be consistent with the planning policies in the Sefton Local Plan (www.sefton.gov.uk/localplan).

We are inviting you to comment at this early stage to help us decide what level of guidance and background information should be contained within the Social Value SPD.

Comments should be made by Friday 17th April 2020

We are seeking views from developers, organisations, individuals and others who are involved in developments within Sefton. This scoping report identifies some key issues. Please let us know if you agree with these and whether there are additional issues you would wish the SPD to cover.

What is a Supplementary Planning Document (SPD)?

SPDs give more detailed guidance to policies in the Adopted Local Plan and 'made' (i.e. adopted) Neighbourhood Plans in Sefton. They are subject to public consultation under The Town and Country Planning (Local Planning) (England) Regulations 2012. Once adopted SPDs are material considerations in the determination of planning applications.

Planning policies on Social Value

Government planning policy and how it is to be applied is set out in the National Planning Policy Framework (NPPF) (www.gov.uk/government/publications/national-planning-policy-framework--2). The NPPF requires each council to have robust and comprehensive policies that support the delivery of high-quality sustainable and inclusive development.

Sefton Local Plan was adopted in April 2017. The Local Plan includes a range of policies, which conform to national planning policy, to shape the future of Sefton. It sets out how new development will be managed in the period from 2015 to 2030, encouraging sustainable development and economic growth and giving current and future generations more opportunities to live and work in Sefton's outstanding environment.

The Social Value SPD will put in place consistent guidance to advise on the consistent high-quality standards of design and amenity that are expected in Sefton.

The proposed Social Value SPD will support the following Local Plan policies:

- SD2-Principles of Sustainable Development

This is a general policy applicable across the whole borough.

Role of the Social Value SPD

This SPD will provide additional guidance on how the Local Plan policy set out above should be interpreted and applied in developments which are required to provide social value. It is particularly aimed at professionals, such as consultants and developers as well as anyone interested in the delivery of Social Value through developments within Sefton.

Sustainability Appraisal and Strategic Environmental Assessment

National planning policy indicates that a Sustainability Appraisal (SA) and Strategic Environmental Assessment (SEA) are not required for an SPD unless it is considered that there are likely to be significant environmental effects or exceptional circumstances.

This SPD builds on policies in the adopted Local Plan, all of which have been subject to SA and SEA and detailed scrutiny at the Examination. Furthermore, the criteria in Schedule 1 of the Environmental Assessment of Plans and Programmes Regulations 2004 have been taken into consideration and it is the assumption of Sefton Council that these have not been triggered to the extent that it is necessary to subject this SPD to SEA.

If you believe SEA is required, please set out what the exceptional circumstances are requiring one to be undertaken as part of your response.

Key issues for consideration in the SPD:

- The definition of Social Value.
- The need for the provision of employment and skills.
- The thresholds for employment and skills plans.
- What local employment and training measures will be secured.
- Implementing and monitoring the required plans.
