01 May 2019

Dear Sir / Madam

**Formby and Little Altcar Joint Neighbourhood Plan Consultation**  
**SUBMISSION ON BEHALF OF NATIONAL GRID**

National Grid has appointed Wood to review and respond to development plan consultations on its behalf. We are instructed by our client to submit the following representation with regards to the above Neighbourhood Plan consultation.

**About National Grid**

National Grid Electricity Transmission plc (NGET) owns and maintains the electricity transmission system in England and Wales and National Grid Electricity System Operator (NGESO) operates the electricity transmission network across the UK. The energy is then distributed to the eight electricity distribution network operators across England, Wales and Scotland.

National Grid Gas plc (NGG) owns and operates the high-pressure gas transmission system across the UK. In the UK, gas leaves the transmission system and enters the UK’s four gas distribution networks where pressure is reduced for public use.

National Grid previously owned part of the gas distribution system known as ‘National Grid Gas Distribution limited (NGGDL). Since May 2018, NGGDL is now a separate entity called ‘Cadent Gas’.

To help ensure the continued safe operation of existing sites and equipment and to facilitate future infrastructure investment, National Grid wishes to be involved in the preparation, alteration and review of plans and strategies which may affect National Grid’s assets.

**Specific Comments**

An assessment has been carried out with respect to National Grid’s electricity and gas transmission apparatus which includes high voltage electricity assets and high-pressure gas pipelines.

National Grid has identified that it has no record of such apparatus within the Neighbourhood Plan area.
Electricity Distribution

The electricity distribution operator in Sefton Council is SP Energy Networks. Information regarding the transmission and distribution network can be found at: www.energynetworks.org.uk

Appendices - National Grid Assets

Please find attached in:

- Appendix 1 provides a map of the National Grid network across the UK.

Please remember to consult National Grid on any Neighbourhood Plan Documents or site-specific proposals that could affect our infrastructure. We would be grateful if you could add our details shown below to your consultation database.
