Minimum class sizes apply. Places are allocated on a first come first served basis.

We reserve the right to make changes to any of the advertised courses.

Remote learning opportunities available

Sefton Community Learning Service has significantly upgraded and developed its IT infrastructure and the use of computers within all subject areas to enable and empower learners who may not be able to attend more traditional classroom set lessons.

Computer support courses are available to assist you in getting the most from your computer to help with your learning and your everyday life.

The Service will continue to deliver more traditional classroom-based courses whenever possible and is safe to do so. With a further option of live video link attendance, where possible, as well as access to video recordings of lessons and access to a range of resources for your chosen topic, which can be accessed at a time that is most convenient to you.

Unless exempt, a face covering must be worn in all communal areas while learning with us.

Please be reassured we are following COVID-19 government guidelines to ensure we are delivering in a safe learning environment.
