

Sefton Pledge to cared for and care experienced young people.

As corporate parents, we asked our children and young people what they wanted from professionals whilst they are in our care. The ten promises below are based on their responses.

As corporate parents we agree to follow the pledge and to do all in our power to carry out these ten promises, as decided by our children and young people in Sefton.

We promise you will have a named social worker who you know how to contact and who will keep in touch with you

We promise we will involve you in all the decisions that affect your life.

We promise that you will have a care plan that is up-to-date and meets your needs.

We promise we will do our best to find a home that suits you.

We promise we will help you, where possible, to stay in touch with your family and any other people who are important to you.

We promise to help you to do the best you possibly can at school and in your future education, employment and training.

We promise to encourage you to develop your talents, interests and hobbies and to support you to do things you enjoy.

We promise to take an interest in your health and encourage you to be healthy.

We promise to work with you to give you all the help and support you need to make a success of moving on from care to adult life.

We promise we will work hard to sort out any problems or worries you have.
